

TUBE END FACER

- Used for facing back the ends of tubes after expansion.
- The Tube End Facer can be driven with a Pneumatic or Electric drill motor.
- The tool uses various pilots to match tube gauge thickness.
- Cutters available for use on Stainless Steel.

TUBE SIZE (OD.)			PART NUMBER	
mm	INCH	Pilot Range	COMPLETE TOOL	CUTTER BIT
9.5	3/8"	16-20g	42.EF0375	42.EFC0375
12.5	1/2"	16-20g	42.EF0500	42.EFC0500
15.8	5/8"	14-18g	42.EF0625	42.EFC0625
